No. 1337 ES Enc. 184 / Dated the 8th April 1939.

To

The Secretary,

Sir,

I have the honor to forward, herewith, the "C" Statement of persons actually holding posts in this unit for the half year ended 31st December 1938. The small variations noticeable in the percentages as compared with that of the previous half year are due to the non-assignment by the Central Recruitment Board of a sufficient number of "B" List graduates for appointment in this unit either to fill up places of men that left this Department or to fill up new sanctioned posts which are all still vacant.

Submitted. In the circumstances, the figures furnished may be accepted.

CENTRAL RECRUITMENT BOARD. 18 JUL 1939 BANGALORE

The Secretary,

Central Recruitment Board,

Bangalore.

SIR,

M. T. S. E.

With reference to your letter No.7044 dated 12th June 1939 requesting me to furnish detailed reasons for the decrease in the percentage of non-brahmins in the "C" statement for the half year ending with 31st December 1938, I have the honor to state that from the particulars furnished in the "C" statement, it may be seen that in the ministerial establishment there has been a reduction by three and two in the number of Brahmin and non-brahmin officials respectively and that the reasons for the same have been explained in the remarks column.

As regards the variation in the Executive Establishment, the reason for the increase in the number of Brahmin officials is due to the reinstatement in service as per Government Orders of six people who had been dismissed from service. There were also two non-brahmin candidates reinstated along with them and in similar circumstances.

The above details have been noted in the remarks column of the "C" statement itself.

I have the honor to be,
Sir,
Your most obedient servant,

The total strength of the ministerial and executive establishments during the half year under review, was 926 as against 910 in the previous half year. The increase by 16 in the total strength is due to the sanction of temporary additional establishments during the half year.

MINISTERIAL ESTABLISHMENT: The total strength during the half year was 610 as against 593 in the previous half year. There was an increase in the strength by 17. The increase of 7 is due to the sanction of temporary additional establishments and of the remaining 10 to the transfer of the strength of Ookad Mutsaddies in Municipalities from the executive to the ministerial as per letter No.2918 C.R.B. dated 27-10-1938 from the Secretary, Central Recruitment Board, directing that appointments of Ookad Mutsaddies in Municipalities should be treated as ministerial ones. Against the total strength of 610, the number of officials actually holding appointments was 597 during the half year, the remaining 13 places being vacant. On the whole, there was an increase in the percentage of Non-Brahmins during the half year under review. The decrease in the number of Christians by one is due to the transfer of one official of that Community outside this District.

EXECUTIVE ESTABLISHMENT: The total strength during the half-year was 316 against 317 in the previous half year. The strength of 10 Ookad Mutsaddies which had been originally classified under executive series during the previous half year, has since been shown under ministerial series during the half year under review -

as stated above. Nine temporary posts were sanctioned during the half year under the executive series. Against the total strength of 316, the number actually holding appointments was 315, the remaining one place being - vacant. The decrease in the number of Naidus by one is due to the transfer of one official of that - community outside this District. There was a decrease by 3 under other caste Hindus during the half-year under review. The decrease of 2 is due to the transfer of the strength of Ookad mutsaddies from the Executive - series to the Ministerial one. The decrease of the - remaining one is due to the appointment of one Excise Assistant Inspector who belongs to Kunchitiga Community as clerk in the Excise Commissioner's Office, during the half year.

M/s Memo

Forwarded with compliments. The decrease in the percentage of strength of Brahmins in the Executive Establishment during the half year ending 31.12.38 in this Unit was partly due to the promotion of some of the Brahmin Revenue Officials of the Ministerial Establishment whose names were included in the Eligibility List, to act as Revenue Inspectors. The fall in the percentage of strength of Brahmins in Ministerial Establishment from 58.1 to 57.0 explains the fluctuation.

Subject:—

SIR,

With reference to your letter No. 7045/C.R.B. dated 12th June 1939 asking for reasons for the decrease in the percentage of non-Brahamins in the ministerial establishment of the "C" Statement for the half year ending 31st December 1938 when compared with that of the previous half year, I have the honour to state that four temporary appointments were sanctioned during the half year under reference as already noted in column 6 of the Statement sent with this Office letter No. S.2. Per.11-1/38-39 dated 21-2-1939. It so happened that while classifying these, one (Temporary Record Keeper, Shimoga Municipality) was a special vacancy and was filled up from the approved "B" list and another (Temporary Mohatarfa clerk in Shimoga Municipality) was a general vacancy which was filled up from the "A" list. The remaining two vacancies - one of a clerk (Class II Series) for the Debt Conciliation Board Office, Sagar, and one of a Clerk in connection with the execution of Drinking Water Wells in the District Office (Class I Series) were filled up by promoting suitable Brahamin Officials, the consequential vacancies of the same classes of appointments being filled up by direct recruitment, in each case. Hence there was an increase of 3 Brahamins in the ministerial establishment of the "C" statement under reference.

I have the honour to be,
Sir,
Your most obedient servant,

for Deputy Commissioner.

Office of the Deputy Commissioner,
Chitaldrug District.
Dated, Chitaldrug 15th July 1939.

Review on the progress of recruitment of the various communities to the Government service for the half year ending 31st December 1938, in the Unit of the Deputy Commissioner, Chitaldrug District.

MINISTERIAL.

The total strength of the ministerial establishment during the half year ending 31st December 1938 was 261 as against 265 of the previous half year. The increase is due to the filling up of vacancies left unfilled during the previous half year. The percentage of representation of backward communities to the total number of men actually holding the posts was 49.04 at the end of December 1938 as against 47.85 at the end of the preceding half year.

EXECUTIVE.

2. The total strength of the Executive Establishment at the end of December 1938 was 147 as against 149 of the previous half year. The decrease is due to retrenchment effected in the executive staff of certain Municipalities. The percentage of backward communities with reference to men actually holding the posts was 74.15 as against 75.84 at the end of the previous half year. The decrese is partly due to retrenchment of backward community people in Municipalities partly due to transfer and appointment of Brahmins.

For Deputy Commissioner,
Chitaldrug District.

SIR,

With reference to your letter No.370/C.R.B. dated the 14th July 39, I have the honour to state that there are 14 appointments on the ministerial establishment of this Department. As one of the Brahmin officials was on leave and his place was not filled up during the half year ending 30th June 38, there were only 13 officials on the establishment, 7 of whom were Brahmins and 6 Non-Brahmins. The Brahmin official on leave having returned to duty during the succeeding half year, the number of Brahmins rose from 7 to 8 and the total number on the roll from 13 to 14, while the number of Non-brahmins remained the same as before. Consequently the percentage of Non-brahmins to the total strength fell from 46.15 during the half year ending 30th June 38 to 42.85 during the half year ending

to 42.85 during the succeeding half year.

CHIEF CONSERVATOR OF FORESTS.

CHIEF CONSERVATOR'S OFFICE,
BANGALORE, DATED THE 4TH SEPTEMBER 1939.

OFFICIAL MEMORANDUM.

Reference:- 'C' statement showing the composition of the ministerial and executive staffs of the department with reference to the men actually holding the posts at the close of the half year ended 31st December 1938.

No.E.Pr.51-1/38-39 Bangalore, dated the 4th Sept'39

During the half year under review there is some rise in the percentage of representation of christians both in the ministerial and executive staffs while a slight fall is noticed in the percentage of representation of Kshtriyas, Lingayats and Other Caste Hindus and Brahmins in the ministerial staff and of Naidus, Muhammadans, Mudaliars, Wsyas, Banagigas, Vollaligas and depressed classes in the executive staff is observed.

As against the above fall in the representation of backward communities and depressed classes there has been some rise in the representation of Muhammadans and Naidus in the ministerial staff and of kshtriyas, Lingayats, Other Caste Hindus and Jains in the executive staff and in general a steady improvement in the representation of Backward communities is perceptible.

In this connection it has to be observed that in spite of observations conveyed in the previous half years, some of the subordinate officers have not been submitting their returns due in this connection within the due dates. Even the particulars furnished in their retums were either inaccurate or incomplete with the result that the correct particulars had to be obtained from the several officers after correspondence which involved delay in the compilation of the 'C' statement of the Department. Especially in the case of Tumkur and Mysore Districts there was inordinate delay in the submission of the returns due in this behalf. This should be strictly avoided in future and all the officers are requested to furnish correct particulars and submit the returns punctually in future.
